

**Department of Alcohol and Drug Programs
Office of Perinatal Substance Abuse**

***Annual Statistical Report
July 1, 2004 to June 30, 2005***

The Department of Alcohol and Drug Programs (ADP), Office of Perinatal Substance Abuse (OPSA) oversees a statewide network of publicly funded perinatal alcohol and other drug treatment programs. OPSA was established to develop a coordinated State strategy to address the substance abuse treatment needs of pregnant and parenting women.

In Fiscal Year (FY) 2004-05, ADP allocated a total of \$43.1 million for perinatal substance abuse programs from the following fund sources: \$23.5 million State General Fund (SGF), \$17.1 federal Substance Abuse Prevention and Treatment Block Grant Funds, and an additional \$2.5 million SGF matched by federal funds to provide perinatal services to Drug Medi-Cal beneficiaries.

The following data was submitted to the California Alcohol and Drug Data System, as required for all public-funded alcohol and drug treatment programs.

If you would like more information regarding perinatal substance abuse programs in California, please contact the OPSA at (916) 323-4445. For information regarding a program near you, please call ADP's Resource Center at (800) 879-2772.
